(California) - Agents from the California Department of Alcoholic Beverage Control (ABC) and Officers from over 70 local Police and Sheriff's Departments arrested or cited 364 individuals during a statewide underage drinking enforcement operation designed to create awareness to the problem of underage drinking and also protect California's youth while increasing public safety.

The goal of the operation was to raise awareness about the dangers of underage drinking and also make it clear to any adults that buy alcohol for minors that there are serious consequences. "Unfortunately over 4,000 young people die in alcohol-related tragedies every year in this country," said ABC Director Jacob Appelsmith. "This collaborative effort among California peace officers creates awareness to underage drinking issues, increases public safety for communities and also boosts protections for California's young people."

The operation resulted in citations for 286 individuals who allegedly furnished alcoholic beverages to minors. 26 other individuals were cited for open containers and 52 others were either cited or taken into custody for various crimes such as outstanding warrants, illegal drugs, public drunkenness or DUI. The operation was an effort to build safer and stronger communities by holding individuals accountable for illegal activity that creates harm.

ABC agents and local law enforcement conducted a program called the "Decoy Shoulder Tap Operation". Under the program, a minor under the direct supervision of a peace officer will stand outside a liquor or convenience store and ask patrons to buy them alcohol. The minor indicates in some way he or she is underage and cannot purchase the alcohol. If the adults agree, and purchase alcohol for the minor, officers then arrest and cite them for furnishing alcohol to the minor. The penalty for furnishing alcohol to a minor is a minimum \$1000 fine and 24 hours of community service. The program is intended to reduce the availability of alcohol to minors. Many of today's local operations were funded by the California Department of Alcoholic Beverage Control through the Department's Grant Assistance Program (GAP) and some were funded by the California Office of Traffic Safety (OTS) through the National Highway Traffic Safety Administration (NHTSA).

ABC protects communities through excellence in education and by administering prevention and enforcement programs designed to increase compliance with California's alcoholic beverage laws.

ABC's mission is to provide the highest level of service and public safety through licensing, education and enforcement.
